

## "HELLO BOSTON"

These are two of three Canadian Light Rail Vehicles (CLRV\*) now carrying passengers on the Green Line. During the next 60 to 90 days, MBTA personnel will operate and maintain these vehicles and evaluate their performance. These cars have been made available on lease from the Toronto Transit Commission. Experienced American and Canadian transit staff from both MBTA and UTDC are working together on this evaluation program in the hope that we can jointly provide a quality transit vehicle. The program continues the relationships developed over many years of mutual support and assistance between the USA and Canada, and more particularly between Toronto's TTC and Boston's MBTA. Photographed at Arborway, March 19, 1980 by Norton D. Clark.
